Re: **Freedom of Information Act Request**

Dear Sir or Madam:

I write to request documents pursuant to the Freedom of Information Act. The United States Air Force ("Air Force") and Amec Environment & Infrastructure, Inc. ("Amec") entered into Contract FA8903-09-D-8572 and related Task Orders for the performance-based remediation of the Former Williams Air Force Base at Site ST012 located in Mesa, Arizona (the "Project"). We hereby request copies of the following documents<sup>1</sup> to the extent within the Environmental Protection Agency's ("EPA") possession, custody and control:

1. Documents, after January 1, 2010, related to data, studies, inspections, audits, reports, evaluations, and testing of any aspect or component of the Project.
2. Documents, generated or received after January 1, 2010, relating to the Project, including but not limited to, internal communications, or communications between the EPA and the Air Force or the Arizona Department of Environmental Quality

---

<sup>1</sup> The term "documents," as used herein, shall mean and include, without limitation, any kind of written or graphic matter, however produced or reproduced, of any kind or description, and all copies thereof which are different in any way from the original (whether by interlineations, receipt stamp, notation, indication of copy received, or otherwise), in the actual or constructive possession, custody, or control of the EPA, including but not be limited to papers, books, letters, photographs, maps, objects, tangible things, correspondence, telegrams, memoranda, interoffice and intraoffice communications, reports, studies, surveys, contracts, licenses, agreements, ledgers, books of account, vouchers, checks, invoices, drafts, charge slips, receipts, working papers, statistical records, desk calendars, appointment books, diaries, daily reports, time sheets or logs, notations, plans, schematic drawings, models, change orders, telefaxes, audio tapes, video tapes, e-mails, other electronic communication on paper, magnetic tapes, drives, magnetic disks, diskettes, or tapes, on individual computers, servers, or backup devices, including attachments and enclosures, computer printouts, and notes or sound recordings of any conversations or meetings.

("ADEQ"), or any third parties regarding the Project, including Amec's performance of the Contract or any work on the Project.

3. Documents constituting, referring to, relating to, concerning or mentioning any formal or informal disputes, either proposed, threatened or actual, between the EPA and the Air Force related to the Project.

I am making this request on behalf of a commercial entity. I am willing to pay fees and costs for this request up to a maximum of Seven Hundred and Fifty USD (\$750). If you estimate that fees and costs will exceed this limit, please notify us prior to incurring any fees or costs. We will accept electronic versions of the requested records to the extent doing so would minimize the EPA's time or resources or the requestor's costs.

Given the straightforward nature of the request, the relatively limited number of documents anticipated, and the limited number of locations and personnel involved in processing the request, please categorize this as a "simple" request and provide the requested documents no later than 20 business days from the date of this letter.

Please feel free to contact us directly should you have any questions or wish to discuss this request. My telephone number, address, and email address are indicated above.

Respectfully submitted,

  
Brian G. Corgan
